135 Code Street • Denver, CO 80203 • jordan.lee@devmail.com • (720) 555-1482

EDUCATION

University of Colorado Boulder, Boulder, CO

- B.S. in Computer Science, Expected May 2025
- Certificate in Software Engineering | GPA: 3.78 | Honors: Chancellor's Recognition List

Relevant Courses:

- Object-Oriented Programming, Software Architecture, Cloud Application Development, Computer Networks, Cybersecurity, Systems Programming, Agile Development

SKILLS / STRENGTHS

- **Programming Languages:** Java, Python, TypeScript, Ruby, Bash
- **Frameworks & Platforms:** Spring Boot, Angular, Ruby on Rails, AWS EC2, GitHub
- **Software:** IntelliJ IDEA, Postman, JIRA, Jenkins, Microsoft Office Suite
- **Operating Systems:** Windows, Linux, macOS
- **Professional:** Detail-focused, strong communicator, dependable team player, fast problem solver

EXPERIENCE

Lockheed Martin, Littleton, CO | Summer 2024

Software Engineering Intern

- Helped refactor legacy Java modules into a microservices architecture using Spring Boot
- Participated in daily scrums and sprint planning meetings with Agile teams
- Conducted unit and integration tests to ensure software reliability

CU Boulder College of Engineering | Aug 2023 – Present

Peer Programming Tutor

- Assist students with debugging code, understanding software principles, and using Git
- Provide support for introductory and intermediate programming labs

CS Department Research Project | Jan 2023 – May 2023

Research Assistant – Network Security

- Investigated DoS attack mitigation strategies on cloud networks
- Analyzed data packets using Wireshark and published a co-authored paper draft

ACTIVITIES

ACM Student Chapter, CU Boulder | 2022 – Present

- Organize monthly workshops on version control, debugging, and code efficiency

Open-Source Contributor – GitHub | Ongoing

- Contributed to a popular Ruby gem and a Python package for API testing
